St. James Parish Ozone Maintenance Plan

Under the authority of the Louisiana Environmental Quality Act, R. S. 30:2001 et seq., the secretary gives notice that the Office of Environmental Assessment, Plan

Development Section, will submit a proposed revision to the ozone maintenance plan for St. James Parish. This revision to the State Implementation Plan (SIP) is mandated under Section 110(a)(1) requirements of the 1990 Clean Air Act Amendments (CAAA).

According to EPA guidance issued May 20, 2005, areas that are designated attainment for the 8-hour ozone National Ambient Air Quality Standards (NAAQS) and are designated attainment for the 1-hour ozone NAAQS with an approved maintenance plan must submit a revision to the SIP.

A public hearing will be held at 1:30 p.m. on July 25, 2007, in the Galvez Building, Oliver Pollock Conference Room, 602 N. Fifth Street, Baton Rouge, LA. Should individuals with a disability need an accommodation in order to participate, please contact Vivian H. Aucoin at (225) 219-3575 or at the address listed below. Interested persons are invited to attend and submit oral comments on the proposal.

All interested persons are invited to submit written comments concerning the SIP revision no later than 4:30 p.m., August 1, 2007, to Vivian H. Aucoin, Office of Environmental Assessment, Box 4314, Baton Rouge, LA 70821-4314 or to FAX (225) 219-3582 or by e-mail to vivian.aucoin@la.gov.

A copy of the SIP revision for St. James Parish may be viewed from 8 a.m. to 4:30 p.m. in the DEQ Public Records Center, Room 127, 602 N. Fifth Street, Baton Rouge, LA. The document is available on the Internet at www.deq.louisiana.gov/portal/Default.aspx?tabid=2381.

MR. HAZARD:

Good afternoon! My name is Stan Hazard. I'm employed by the Louisiana Department of Environmental Quality. I'll be serving as hearing officer this afternoon to receive comments regarding proposed amendments to the St. James Parish Ozone Maintenance Plan, and to the Environmental Quality Regulations.

The comment period for these amendments began on June 20, 2007, when the potpourri notice and notices of intent were published in the Louisiana Register. The comment period will close at 4:30 p.m. today for AQ284ft, and at 4:30 p.m. on August 1, 2007, for the other provisions. It would be helpful to us if all oral comments received today were followed up in writing.

This public hearing provides a forum for all interested parties to present comments on the proposed changes. This hearing is not being conducted in a question and answer format. Please remember that the purpose of this public hearing is to allow

1 you, the public, an opportunity to express
2 your thoughts concerning today's proposed
3 amendments.

4 The first item on the agenda is
5 Potpourri Notice number 0706Pot1.

6 The Office of Environmental
7 Assessment, Plan Development Section, will
8 submit a proposed revision to the ozone
9 maintenance plan for St. James Parish. This
10 revision to the State Implementation Plan
11 (SIP) is mandated under the Section
12 110(a)(1) requirements of the 1990 Clean Air
13 Act Amendments. According to EPA guidance
14 issued May 20, 2005, areas that are
15 designated in attainment for the 8-hour
16 ozone National Ambient Air Quality Standards
17 (NAAQS) and are designated in attainment for
18 the 1-hour ozone NAAQS with an approved
19 maintenance plan must submit a revision to
20 the SIP.

21 Does anyone care to comment on this
22 amendment?

23 If not, the hearing on the St. James
24 Parish Ozone Maintenance Plan is closed.

25 Thank you for your attention and

1 participation.

2 This hearing is closed.

3 **THE HEARING CONCLUDED AT 1:32 P.M.**

JUL 30 2007

Ms. Vivian Aucoin
Air Quality Assessment Division
Office of Environmental Assessment
Louisiana Department of Environmental Quality
P.O. Box 4314
Baton Rouge, LA 70821-4314

Dear Ms. Aucoin:

Thank you for the opportunity to comment on the draft revision to the State Implementation Plan (SIP) for the St. James Parish, Section 110(a)(1) Maintenance Plan. We have reviewed the draft SIP revision in relation to the May 20, 2005, Environmental Protection Agency (EPA) maintenance plan guidance. We find the SIP revision to be well organized and consistent with this guidance.

Our comments on this SIP revision are as follows:

1. On page i, the page number for section 1.1.2 should be "3" (instead of "4").
2. On page ii:
 - a) Table 3-3 is actually Table 3-2, so "3-3" should be replaced with "3-2";
 - b) Table 3-4 is actually Table 3-3, so "3-4" should be replaced with "3-3";
 - c) The title for Appendix B needs to be changed from "New Orleans Ozone Maintenance Area Onroad . . ." to "St. James Parish Onroad . . ."
3. On page 1, in the last sentence of paragraph 3: the word "must" should be replaced with "were due to" since the June 15th deadline has passed.
4. On page 7, please revise the last sentence of Section 2.3 Non-point Sources to read: "The methodology for the stationary non-point source section can be found at the following website:
<http://www.deq.louisiana.gov/portal/Default.aspx?tabid=2542> in the 2002 Louisiana Base Year Emissions Inventory, Appendix D: *Consolidation of Emissions Inventories (Schedule 9; Work Item 3)*, Section C, page 26 (page 34 of the pdf file)". This should assist readers in locating the information.

5. On page 10, in the last sentence of Section 4.1, please replace the word “insignificant” with a word such as “slight” or “modest” to describe the upward trend in modeled emission projections for future years identified in Section 3.3.
6. In Section 5.1 on page 12, the correct start-up date for the Convent monitor is October 1, 1988, according to AQS.
7. Also on page 12, in the first sentence of Section 5.2, “80 ppb” should be replaced with “0.08 ppm” for the ozone National Ambient Air Quality Standard.
8. On page 13, please revise Table 5-1 to reflect the correct ozone values. The correct values from AQS in ppb are identified below:

	Highest	2 nd	3 rd	4 th	# of days > 84 ppb	Design Value
1998	0.091	0.086	0.080	0.079	2	0.079
1999	0.102	0.093	0.092	0.091	7	0.082
2000	0.093	0.087	0.087	0.085	4	0.085
2001	0.085	0.079	0.074	0.074	1	0.083
2002	0.092	0.075	0.070	0.069	1	0.076
2003	0.090	0.081	0.081	0.078	1	0.073
2004	0.076	0.074	0.072	0.072	0	0.073
2005	0.088	0.083	0.078	0.078	1	0.076

Also, please note that in the heading in Table 5-1 for the # of days column, the symbol “>” should be used instead of “<”.

9. Please revise figures and text associated with the correct values in Table 5-1 (identified in comment 8) as appropriate. This will include revisions to:
 - a) Figure 2 on page 12.
 - b) The paragraph above Table 5-1 (the second paragraph in Section 5.2). This paragraph should be revised to read something such as “Table 5-1 illustrates the trend in 8-hour ozone design values in ppb for the St. James Maintenance area from 1998 through 2005. Since 2000, in general the area has experienced a downward trend in design values.”

As we have discussed with the Louisiana Department of Environmental Quality (LDEQ) staff, the D.C. Circuit Court ruled on EPA’s phase 1 ozone regulation on December 22, 2006. In response to a joint request from the petitioners, on June 8, 2007, the Circuit Court clarified the description of the required conformity determinations and modified the scope of the vacatur of the 2004 rule. As a result, requirements for 8-hour ozone maintenance plans remain as specified in the 2004 rule, and we encourage LDEQ to continue its efforts toward adopting this Section 110(a)(1) maintenance plan.

Once again, we appreciate the opportunity to review and comment on this draft SIP revision. If you have questions regarding any of these comments, please feel free to contact me or Ellen Belk at (214) 665-2164.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Carl Young". The signature is fluid and cursive, with the first name "Carl" and last name "Young" clearly distinguishable.

Carl Young
Acting Chief
Air Planning Section

Comment Summary
St. James Ozone Maintenance Area
Section 110(a)(1) Maintenance Plan

Comment: Table of Contents:

EPA noted the page number for Section 1.1.2 needed to be updated.

Response: The page number has been corrected.

Comment: Table of Contents:

EPA noted the table numbers needed to be corrected.

Response: The table numbers have been corrected.

Comment: Table of Contents:

EPA noted the title for Appendix B needed to be corrected.

Response: The title for Appendix B has been corrected.

Comment: Executive Summary:

EPA recommended a word changed in the last sentence of paragraph three.

Response: Because the statement is not essential to the maintenance plan, it has been removed in its entirety.

Comment: Emissions Inventory (Section 2):

EPA recommended the last sentence in Section 2.3 be revised to assist readers in finding the referenced material.

Response: The statement has been revised.

Comment: Maintenance Demonstration (Section 4):

EPA recommended the Department replace the word “insignificant” with a word such as “slight” or “modest” in the last sentence of Section 4.1.

Response: The Department has modified the sentence for clarity.

Comment: Ambient Air Quality Monitoring (Section 5)

EPA noted the start-up date for the Convent monitor needed to be corrected.

Response: The date has been corrected.

Comment: Ambient Air Quality Monitoring (Section 5)

EPA recommended "80 ppb" in the first sentence of Section 5.2 be replaced with "0.08 ppm" for the ozone National Ambient Air Quality Standard.

Response: Addition to text has been made.

Comment: Ambient Air Quality Monitoring (Section 5)

EPA recommended revisions to the ozone values in Table 5-1 to reflect the correct values from AQS.

Response: The ozone values have been corrected.

Comment: Ambient Air Quality Monitoring (Section 5)

EPA noted the value for the # of days column in Table 5-1 needed to be corrected.

Response: The value has been corrected.

Comment: Ambient Air Quality Monitoring (Section 5)

EPA noted Figure 2 needed to be updated to reflect changes made to Table 5-1.

Response: Figure 2 has been updated.

Comment: Ambient Air Quality Monitoring (Section 5)

EPA suggested changes to the description of Table 5-1 for clarity.

Response: The description has been updated for clarity.
